

## Civic Hospital Neighbourhood Association

# Preston-Carling public realm study affects you

When: Wednesday,  
September 4, 2013  
7:30-9:30 p.m.

Where: 118 A  
Preston Street  
(Preston Street BIA  
Offices)

The City of Ottawa is holding consultations on public realm (streets, parks & open spaces) and mobility issues (moving around by foot, bicycle, car and transit) in the Preston-Carling District.

The Civic Hospital Neighbourhood Association (CHNA) has been asked

to provide input, with Peter Eady & Kathy Kennedy serving as the Association's residents' focus group members on the public realm portion. Peter & Kathy are inviting interested residents to **participate in a residents-only consultations session** to discuss the study and provide comments on issues related to the Preston-Carling district that are of primary interest to CHNA residents. Peter & Kathy will consolidate all comments into a CHNA response which they will be submitting to the City in mid-September. The response will also be posted on CHNA's website. Please consider attending the meeting on September 4th

# Have your say!!!!
